George W. Dayhoff Dead.

George W. Dayhoff, an old and highly esteemed citizen of Hondo departed this life Monday evening, September 4, 1916, at 5:30 o'clock—the feeble spark of life flickering out as the orb of day was casting its slanting rays across the sky as it slowly sank behind the western horizon—a fitting time for the aged and weary to fall asleep.

Decedent was born in Green county, Indiana, May 21, 1835, consequently he had reached the ripe old age of 81 years, 3 months and 25 days—being one of the oldest inhabitants of the town. He had been confined to his bed for some time, not suffering from any particular malady, his death being attributable to general debility incident to old age. Among his other afflictions he had been totally blind for the past couple of years.

In early youth he joined the church and lived a consistent christian life, and frequently, during the past few years when he knew the summons could not be much longer delayed, he has expressed himself as ready and anxious to go. His faith in the saving grace of his religion was supreme and he approached the portals of life beyond the grave without a tremor.

Mr. Dayhoff served during the civil war between the North and South in the northern army and took part in some of the notable battles of that unhappy conflict.

Besides his wife he leaves two sons and two daughters, E. L. Dayhoff of Kansas City, Missouri; Emmitt Dayhoff of Galveston, Texas; Mrs. J. J. Dodson of Houston, Texas; and Mrs. Pruitt of Kansas.

The funeral was held Tuesday evening, interment being made in the old cemetery, Rev. J. W. Long, pastor of the Methodist church, officiating.

To the sorrowing relatives the Anvil Herald extends condolence, and commends to them the exemplary life and strong christian faith of the departure which, if emulated by those left behind, will assure a meeting in the land beyond the grave where there will be no more parting.

Mothers' Club Reception.

The Mothers Club entertained with a musical and social reception last Thursday evening at the home of Mr. and Mrs. Walter Short, honoring the visiting teachers who attended institute.

For the occasion the lawn was beautifully decorated with Japanese lanterns which were strung between the trees, while placed about on the lawn were chairs and divans transforming the scene to one of homelike attractiveness.

In the receiving line were: Professor and Mrs. Peeler, Mr. and Mrs. Peters, Mr. and Mrs. Walter Short, Mr. and Mrs. A. G. Walker, Mesdames

es Meyer, Posey, and Schmitt.

The program was enjoyed as follows:

Piano Solo, selected, Miss D. Harris. Reading, Matinee Girl, Miss Smith. Piano Solo, selected, Miss Barton.

Violin Solo, selected, Miss Irene Saathoff.

Vocal Solo, Milton Schmitt.

Vocal Duet, selected, Misses Barton and Boone.

Piano Solo, selected, Miss Harris.

Vocal Solo, selected, Mrs. H. Bradley.

Delicious refreshments of sandwiches and punch were served. Mesdames Meyer, Schmitt, Posey, H. Merriman, J. A. Harger, and Walker, presiding at the punch bowls, Mesdames Thomas, Stiegler, Fly, Peters, Brucks, and J. M. Finger served the sandwiches.

Five tables for 42 were placed under a large tree and many enjoyed the game.

Mr. Short entertained the guests with his Victrola during the evening.

A Lawn Party.

The Junior League entertained with a lawn party at the home of Mrs. J. S. Fly, Monday night, Sept. 4th.

Quite a number of invited guests and most of the members were present.

Music, singing and many games were participated in and a jolly good time was had by all.

At ten o'clock delightful refreshments consisting of punch and sandwiches were bountifully served on the lawn by a number of charming young girls.

About eleven o'clock all took their departure declaring to the hostess a most delightful time and determined that these entertainments should often be repeated by the Juniors.

Soldiers Pass Through.

Two regiments of the Kansas State Militia passed through Hondo Thursday evening en route to San Antonio from Eagle Pass. These two regiments consisted of about two thousand men, neither of the regiments being full, a regiment of infantry on a war footing in the United States army being 1,642 officers and men.

Sixty-six of the trucks employed in this big troop movement came out from San Antonio and were parked on College Square, Hondo, Monday night, and resumed their journey to the border Tuesday morning before many of the denizens of the town were astir. The other trucks used were sent from Columbus, New Mexico, 132 trucks, besides several automobiles, being in the line.

This was the greatest troop movement by auto trucks every undertaken in this country, if not in the world. It was an experiment of the war department, and undoubtedly came fully up to expectations as a means of moving large bodies of soldiers expeditiously.

The men were a jolly crowd with a rich brown tan, but looking hardy and healthy. They made their camp at Uvalde Wednesday night and stopped Thursday night at Castroville, having made a journey of about 67 miles for the day.

Clean Up.

The attention of the people of Medina county is called to the presence of diphtheria, scarlet fever and typhoid fever scattered about in our county. It is now endemic but will become an epidemic unless the public will cooperate by cleaning up.

On account of the wet season that we have been having the weeds are thick and flourishing and serve as a breeding place for flies, mosquitoes and vermin which contribute in a large measure to the transmission of disease. Toilets should be cleaned and treated with lime every day.

Infantile paralysis flourishes in unsanitary surroundings, and if every householder, whether property owner or renter, will clean up in the immediate vicinity of his home much can be done to improve health conditions and stamp out disease.

Any cases of infectious disease should be reported to the health officer so that he can make his report to the State Health Department, as required by law.

W. H. SMITH,
Health Officer.

Honoring Miss Payne.

The members and friends of the F. F. F. Club were most charmingly entertained last Tuesday evening by Miss Ethel Gaines in honor of her house guest, Miss Payne of San Antonio.

This was the first club meeting for six weeks owing to the absence of different members from town, therefore an unusually delightful time was spent.

The game of the evening was "42", and guests were favored with music by Miss Dorothy Harris.

Miss Ella Hardt won the first prize, a box of stationery, and Miss Payne won a bottle of fine perfume as guest prize. The consolation was won by Miss Una Gaines.

Sandwiches, olives, cakes and punch were served to the following: Ella Hardt, Bennie Hurt, Lizzie Schuehle, Emma Miller, Grace Carter, Dorothy Harris, Lorine and "Jim" de Montel, Marie and Dora Fileman, Miss Payne, Miss Musgrove, Clara, Una and Willie Mae Gaines, Chris Pike and the hostess.

Mrs. G. A. Grell Dead.

Mrs. G. A. Grell (nee Marquis), 54 years, 9 months and 17 days old, died Friday morning, September 1, 1916, after an illness of two months' duration. She is survived by her husband, four sons and one daughter-in-law, one grand-child, her aged father, four sisters, three brothers, and many other dear and near relatives to mourn her departure from this world. Her mother and one sister preceded her in death.

She was born in Quihi Nov. 14th, 1861, and had resided here all her life. She joined the Lutheran church in her girlhood days and was a devoted Christian and a firm believer in her faith; she also was an active member of the Quihi Frauen Verein.

She was laid to rest September 2nd in the new cemetery, Rev. Betet of the Lutheran church performing the last sad rites.

CONTRIBUTED.

Miss Hutzler Entertains.

Miss Josephine Hutzler was hostess to the younger set at her home Monday evening.

Punch was served during the game. Hearts and Bunco being the principal diversions.

The color scheme of the evening was pink and white, pink heart shaped favors, ice cream, the mints and cake and decorating scheme of roses carrying out the design.

On the progressive games a fine box of stationery was won by Miss Lillian Brucks; Roland Gaines carrying off a fountain pen for his skill. The lucky couple in a candy contest were Grace Armstrong and Clinton Rogers, who won a large box of chocolates.

The personnel of the invited included: Misses Grace Armstrong, Leila Windrow, Nellie Wilson, Dorothy Metzger, Bessie and Lillian Brucks, Ruth Rothe, Octavia Davis, Irene Hudspeth, Laura Grell, Johanna Rothe, Valentina Gilliam, Messrs. Clint Rogers, Amos Rothe, Jimmy Nixon, Roy Mercer, Ralph Windrow, Roland Gaines, Elmer Rothe, Kyle Bradley, George and Ashbel Gilliam, Willie Crow, Clint Rothe, J. B. Wilson, Herman Fileman, and Selby Woolfs, Mr. and Mrs. F. S. Cockrell, Dr. and Mrs. Thomas, Albert Hutzler and the hostesses, Miss Josephine and her mother.

Wickham-Parsons.

The marriage of Miss Myrtle Parsons and Alex Wickham was solemnized at the home of the bride's parents, Mr. and Mrs. E. A. Parsons, Saturday afternoon, Sept. 2nd at four o'clock.

Miss Marguerite Wanshaff and Miss Hattie Wickham, the groom's sister, preceded the bride and groom into the parlor where the marriage lines were read by Rev. J. W. Long, pastor of the Methodist Church.

The wedding march was played by Miss Lola Buchanan.

Immediately after refreshments were served the young couple left for a short trip.

The bride was gowning in a handsome dress of blue cloth, white boots, and coat and hat to match.

The bridesmaids and Miss Lola Buchanan were dressed in simple frocks of white organdie.

Those present were: Mrs. Wickham and Miss Hattie from Brackettville, Mrs. W. F. Wanshaff and Miss Marguerite, Miss Lola Buchanan and the bride's mother, father, sister and brothers.

Mr. and Mrs. A. L. Wickham will be at home on the ranch, near Rock Springs, after Sept. 15th.

A Farewell Message.

You are cordially invited to attend the service at the Baptist Church next Sunday evening. At that time the pastor will deliver his farewell message.

I feel like saying to all who will read these lines that our church here, with one possible exception, is the best building our Baptist people have between San Antonio and El Paso. And the building is not all we have at Hondo. The men and women and boys and girls of our membership, though not numerous, make a very fine body and are hopeful and aggressive in spirit. I never have had and never expect to have a more enjoyable pastorate than I've had the past few months. The outlook for Hondo Baptist Church is most encouraging.

I heartily thank people outside and inside the church for the hearing and encouragement you have given me. And I ask you to give my successor, Rev. L. U. Comalander, who is to be here next week, the same loyal cooperation. Of all the young preachers in the state he is among the best.

Let me close by thanking the office force of the Anvil Herald for the splendid interest taken in publishing our church news and announcements.

Signs of Danger.
That Should Be Heeded by Hondo People.

There's a serious danger in neglecting any weakness of the kidneys. The warning that Nature gives should not be overlooked. If troubled by too frequent passage of the kidney secretions; burning or scalding; if the secretions are highly colored and contain sediment when left standing—if you have backache, too, with frequent headaches and dizziness, make up your mind that your kidneys are affected and begin using some reliable kidney remedy. Deaths from kidney disease have increased in the United States alone, 72 per cent in the last 20 years. The risk is great—you can't afford to delay. Hondo people recommend Doan's Kidney Pills. Can you ask for better proof of merit than the statement of this Hondo resident? Mrs. X. Wantz, Hondo, says: "My kidneys were disordered for some time. I had a dull, bearing-down pain in the small of my back and it hurt me to stoop or straighten. Doan's Kidney Pills, procured at the Martin Drug Co., gave me relief right away and did me a lot of good." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Wantz had. Foster-Milburn Co., Props., Buffalo, N. Y.

Sabinal Sentinel Siftings.

Mr. Geo. Johnson, Jr., was accidentally shot early Monday morning at home. It seems that he was sleeping on the gallery at home when the rain came up and he went to roll up the bedding to carry it in the house when a Colt 45, which he had under his pillow, dropped on the floor and went off, the bullet passing thru' his left leg and entering his right thigh. He was taken to San Antonio Monday morning. The bullet was located by X Ray examination and was extracted successfully. We understand that George is getting along nicely and we hope that his wounds will heal speedily. His mother, Mrs. C. B. Johnson, and brothers, Charles and Wynfred, and Dr. I. N. Campbell went with him to San Antonio.

Mr. and Mrs. Jim Hall, Mr. Isaac Hall and family of Batesville and eight cars of Hondo friends attended the funeral of Mrs. I. N. Hall.—Knippa Cor.

On last Wednesday night, Aug. 23, about 11:30, death came into our midst and laid its cold scepter on our beloved friend and neighbor, Mrs. I. N. Hall. Susan Elizabeth Hall, wife of I. N. Hall, was born the first day of October 1866 at Tennessee City, Dixon Co., Tenn., and was married the 20th day of Feb. 1881. Moved to East Texas in 1883, five years later came to Hondo, Medina Co., Texas, where she lived 22 years. Moved to Knippa in 1906. She was the mother of 13 children, seven sons and six daughters. She was a devoted wife and a loving mother, and has been a consistent member of the Baptist Church for 38 years. In the death of this dear one the community has sustained a real loss and is bereaved by her death. While we deplore her departure from among us, we have assurance that she has entered upon the enjoyment of that Blessed Home above, where the Heavenly Father presides and there she will live for ever more. To mourn her departure there remains a husband, nine children, Mr. Jim Hall of Hondo, Mr. Isaac Hall of Batesville, Jesse, William and Leonard Hall of Knippa. Mrs. E. Meriwether, Lizzie, Myrtle and Amanda Hall of Knippa, 3 grandchildren and a host of friends. The funeral services were conducted Thursday afternoon at 5 o'clock by Rev. E. C. Rubottom assisted by Rev. Carlisle. The body was laid to rest in the Knippa cemetery amid a beautiful floral display. To the bereaved ones we extend our heartfelt sympathy.—Knippa Cor.

DADDY'S EVENING FAIRY TALE
BY MARY GRAHAM BONNER

CALLS ON HIPPOPOTAMUS.

"The Hippopotamus who lived in the Zoo had a very strange Caller the other day," said Daddy.

"I don't see that any Caller could be much stranger than the Hippopotamus is himself," said Nick.

"Well, he thought so anyway," continued Daddy. "I don't suppose a Hippopotamus thinks he is strange at all. He has always been just as he is now and so he has grown used to seeing himself that way."

"You see Nick is so used to being a Boy and Nancy is so used to being a Girl that should either of you change into a Robin or a Guinea Pig you would think it very strange—and yet the Robin or the Guinea Pig would be very much surprised if they should become a Boy or a Girl."

"But I'm not telling you about the Hippopotamus and his strange Caller. And after all this chat about his being strange you will laugh when I tell you that his Caller was a very ordinary little Sparrow."

"Into the Animal House flew the Sparrow. The Keeper called out to him:

"Where are you going, Sparrow? But the Sparrow did not answer. He flew right through the Animal House until he reached Mr. Hippopotamus' cage. Mr. Hippopotamus was having his bath, and he would not be interrupted.

"The Sparrow was rather annoyed that Mr. Hippopotamus didn't want to come right out of the water to talk to him and he scolded from his perch on the wire of the cage. There he sat scolding away and the Hippopotamus kept on splashing and spluttering as he took his bath.

"All the People standing around saw the Sparrow perch on the cage and they thought the Sparrow was very brave. But they did think it was most strange that the Sparrow wanted to call on the Hippopotamus, and that the Hippopotamus had such a little Caller so different from himself.

"Soon the Hippopotamus came up from the water and sat in the corner of his cage and the Sparrow hopped over to a wire a little nearer.

"Mr. Sparrow, I am sorry to be late for your call," said the Hippopotamus. "but the truth is I wanted to look my best." And his great long funny old face grinned, and he showed his big teeth.

"That's all right," cheerfully chirped the Sparrow. "I have plenty of time today. My Family have gone a-shopping for bread crumbs which they find every day in a certain backyard. And I have nothing to do. I've come to tell you the news of the world outside."

"So the Sparrow told Mr. Hippopotamus all about the wild scampers the Sparrows had been having. He told about their quarrels and how they had made up again. And he bragged about their Friends and Relations, the Song Sparrows, who had been very friendly this year.

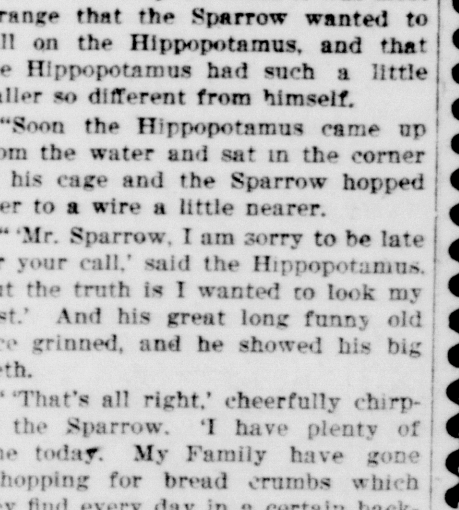

"When Mr. Sparrow began to be boastful, the old Hippopotamus said:

"You think I'm finer than my Cousins in that cage over there? And Mr. Hippopotamus pointed to some other members of his Family. They were very much smaller and their coats looked just like chocolate.

"And," he went on, "when the Children see those silly Cousins of mine they always say, 'Why they look just like tins of chocolate taffy left to cool. They never can say anything quite so stupid about me.'"

"Well," said Mr. Sparrow, "I must be off now as it's time the bread crumbs and the Family were coming home. He spoke about the bread crumbs first, you notice. 'But I'll come and see you soon again, old Hippo,' and the little Sparrow flew off.

"Then the Hippopotamus looked very lonely and sad and the People who had been watching the very big Animal and the very small Bird talking together could not understand it. But they were indeed the best of Friends. And soon Mr. Hippopotamus decided the only thing left for him to do for some time was to nap and eat and swim so he'd look his best next time the Sparrow came to call."

Sparrow Was Rather Annoyed.

"Well," said Mr. Sparrow, "I must be off now as it's time the bread crumbs and the Family were coming home. He spoke about the bread crumbs first, you notice. 'But I'll come and see you soon again, old Hippo,' and the little Sparrow flew off.

"Then the Hippopotamus looked very lonely and sad and the People who had been watching the very big Animal and the very small Bird talking together could not understand it. But they were indeed the best of Friends. And soon Mr. Hippopotamus decided the only thing left for him to do for some time was to nap and eat and swim so he'd look his best next time the Sparrow came to call."

Different Kinds of Preserves.

"Look, Marjorie," said her mother, "here are two kinds of preserves, yet they look so much alike one can't tell the difference."

Marjorie looked at them critically for a moment, then said: "Well, mamma, which kind is different?"

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed; you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

Scott & Bowne, Bloomfield, N. J.

To convince [a man that the fools are not all dead yet it is only necessary to disagree with political views.

The workman who takes a real interest in his work doesn't have to spend much of his time looking for a job.

Name Your Farm

OCCASIONALLY we get a letter from a farmer on stationery on which is printed his own name and the name of his farm. In some cases we find on the margin, briefly stated, what is being made a specialty of on that farm.

This looks like business, and demands attention at once, for it catches the eye.

The editor of your county paper always stands in need of a bushel of potatoes, a sack of water-ground meal, or some such farm product, and would be glad to swap you some nice printed envelopes and paper to match for these things.

It would pay you to do some trading with this man, who is doing a lot in his way to help you, so next time you are in town talk it over with him. Before giving the order talk it over with the wife and family, and decide on an appropriate, catchy name for your farm and then—live up to it.—President Charles S. Barrett in National Field.

The Anvil Herald's Job Department

is prepared, with a nice assortment of Modern and Appropriate Type and Good Paper, to assist you in carrying out President Barrett's suggestion.

Good Eye-sight

is essential to health, comfort and appearance. Have you ever noticed a strained look on your face? Usually this comes from eye-strain. More wrinkles are caused by eye-strain than by old age. Headaches caused by eye-strain cannot be cured by medicine, it depends upon optical skill of the optometrist who prescribes the glasses. Having had 16 years experience in Medina County assures you of satisfaction.

Before returning they purpose visiting their children in San Antonio and Austin, and will also be the guests of relatives and friends in Houston and Galveston. While the court house will not appear familiar with Mr. Hornung absent from his accustomed post his many friends trust he will enjoy his long deferred and well earned vacation to the utmost.

Fred Neuman and sons went to San Antonio Tuesday in the car, the main purpose of their visit to the city being to get Mrs. Neuman, who was visiting friends there. Mr. Neuman says what Uncle Sam's trucks did to the roads between here and Castrovilla was a plenty and then some, and he thinks Commissioner Wurzbach should have recourse against the war department for damages to the roads. He says ruts were cut to the rock and that it was almost impossible for automobiles to pass over the roads until they are repaired.

WISDOM

Solomon was the wisest man in the world. In building operations, as in law-making, he showed the utmost wisdom, in that he used only Cedar Shingles. The great temple at Jerusalem was covered of Cedar Shingles. Three thousand years have brought great changes in building methods, but what greater tribute can there be to the durability and strength of Cedar Shingles than this selection by the great builder for his use? Report of Committee on Resolutions.

The recent session of the Texas Dry Farming Congress adopted the following resolutions at its last session:

Whereas, Hon. Fred W. Davis, state Commissioner of Agriculture, has heartily lent the co-operation of his Department by sending to contribute to the program of this session of the Texas Dry Farming Congress Messrs. Ben F. Chapman, B. C. Sharp, Neill D. Zuber, Judge Ed R. Kone and Fletcher Davis, therefore

Be it Resolved, that we extend for this courtesy and service our sincere thanks, and

Whereas, The Extension Service of the A. & M. College and Texas Experiment Station have greatly enriched this Eight Annual Session of the Texas Dry Farming Congress by the splendid "Agricultural and Live Stock School" conducted by Messrs. T. O.

State of Ohio, City of Toledo, Lucas County.

Frank J. Cheney makes oath that he is senior partner of the firm of F. J. Cheney & Co., doing business in the City of Toledo, County and State aforesaid, and that said firm will pay the sum of ONE HUNDRED DOLLARS for each and every case of Catarrh that cannot be cured by the use of HALL'S CATARRH CURE.

Sworn to before me and subscribed in my presence, this 6th day of December, A. D. 1916.

(Seal) A. W. GLEASON, Notary Public.

Hall's Catarrh Cure is taken internally and acts directly upon the blood and mucous surfaces of the system. Send for testimonials, free.

Walton, C. M. Evans, E. E. Binford and F. W. Kazmeier, therefore

Be it Resolved, that this school has been a distinct and valuable addition to the work of this session and that the Extension Service, Hon. Clarence Ousley, director, and these gentlemen, also, be voted our hearty appreciation, and

Whereas, The United States Department of Agriculture has contributed to the value of our program through the excellent paper of Mr. D. C. Parman, on "the Habit of the Screw Worm, With Suggestions for Control," therefore Be it resolved that the Department and Mr. Parman be included in these votes of appreciation, and

Whereas, the Galveston, Harrisburg & San Antonio Railway Co., has largely contributed to the success of the Texas Dry Farming Congress through the years of its existence by their reduced railroad rates and the encouragement of the presence of many of their gen-

eral officers at this session, including Mr. H. M. Mayo who has contributed to our program, therefore Be it Resolved that we highly appreciate this co-operation.

Whereas, the exchange of ideas and experiences of practical farmers is one of the most useful features of the Congress, therefore

Be it Resolved, that this Congress express its appreciation of these practical talks at this session, and suggest that it be continued as a prominent feature of future meetings of the Congress, and the farmers are invited to participate in these round-table conferences.

Whereas, the generosity of the public press in giving publicity, not only to advance dates and programs of our meetings, but to a report of their proceedings, hereby contributing materially to their success, therefore

Be it Resolved, that this Congress hereby express its thanks and appreciation for this service in the past, and assures the press that its co-operation in the future is earnestly desired by the Congress.

Whereas, the State Department of Agriculture in its efforts to aid in promoting the general prosperity of the rural people of this state, has been eminently successful in its efforts; and whereas the initiative ideas inaugurated by it have been fraught with much good to the State, therefore

Be it Resolved, that the Texas Dry Farming Congress in its Eight Annual session in Uvalde, Texas, August 28, 29, 30, 1916, heartily endorse the administration of said Department from its creation in 1907 to the present time, and we earnestly request of the next and succeeding legislatures, a continuation of that liberal support that it has given the Department in the past, to the end that it may continue and improve upon the good work it has already accomplished.

Whereas, there is much diversity of soil and climate in this state, Be it Resolved, that it is the sense of this Congress that an agricultural College should be established in Southwest Texas, to specialize in the study of agriculture and stock raising as adapted to this section for the education of our boys.

Whereas, the citizens and merchants of Uvalde so generously assisted to make the Eight Annual Session of the Texas Dry Farming Congress a complete success, and in the entertaining of the members and visiting delegates of said Congress, therefore

Be it Resolved, that The Dry Farming Congress extend its heartiest thanks and appreciation to the Uvalde people for the splendid barbecue and the "milk and honey feast," to those citizens who so generously loaned the Congress their livestock for the practical demonstrations of the lecturers, and the members of the Uvalde Concert Band for their generous and pleasing music.

Whereas, the ladies of Uvalde so kindly and generously assisted in the reception and entertainment of the delegates and members of the Dry Farming Congress in their Eighth Annual Session, therefore

Be it Resolved, that the Dry Farming Congress extend its thanks and appreciation to the ladies of Uvalde for their very gracious reception and assistance in entertaining the Dry Farming Congress, and to the Uvalde Campfire Girls and Boy Scouts for their splendid service at Tuesday's barbecue.

Whereas, there appears to be a misunderstanding among some people as to the full scope of the term "Dry Farming Congress," we suggest that adding the words "and Livestock" will convey a fuller idea of the purposes of the organization without changing its real endeavor, therefore

Be it Resolved, that the name of our organization be changed to read, "The Texas Dry Farming and Livestock Congress."

Whereas, the untiring efforts of Dr. Benjamin F. Berkeley have been largely responsible for the continued success of this Congress, and his able executiveship over its meeting has been highly efficient in all respects and his loyalty and enthusiasm contagious, therefore

Be it Resolved, that we are deeply grateful to him and appreciative of his unselfish devotion for seven years to the interests and purposes of the Texas Dry Farming Congress.

Whereas, our worthy secretary, Mr. F. M. Getzendaner, has labored unceasingly, not only in his efforts to prepare the splendid program of the Congress, but its execution as well and has left nothing undone which lay within his power to contribute to our edification and pleasure while in his city, therefore

Be it Resolved, that this Congress extend its thanks to him for this service and that a copy of this expression of our appreciation be perpetuated in the archives of this Congress by being spread on the minutes of this session of the Congress.

Farmers Institute Meeting.

The New Fountain Farmers' Insti-
tute met at the school house Septem-
ber 2nd.

Interest among the farmers was
shown by a good attendance. Fletcher
Davis of the State Department of ag-
riculture gave a talk and later took
up the explanation of The Federal
Rural Credit Law.

The members decided to take up the
proper selection of seed corn at their
next meeting which will be held on
the 14th of October. Short talks by
several members indicated the inter-
est manifested by the farmers in this
important work.

REPORTER.

Bad Temper From Bad Liver.

You can generally blame your grouch
on a lazy liver. Liver ills are back of
coated tongue, bad breath, biliousness
and muddy, sallow complexion. In-
sufficient flow of bile leaves impurities
in the liver which poison the entire
system. Po-Do-Lax is Nature's reme-
dy. It stimulates the activity of the
liver, increases the flow of bile, and
by its laxative quality carries off the
waste matter and clears the complex-
ion. At your Druggist, 25c.

Mules Sold to Wilson.

The 44 head of fine mules mentioned
last week as purchased by Herring
Mule Co. of Mr. Lacy of Hondo, 2s to
4s, unbroke, were sold to Charlie Wil-
son of Crown at "about" \$125 around
and a nice profit for a quick deal.
This is said to be the finest bunch of
young mules in this country bred from
good stock and Mr. Wilson will have
no trouble turning at a fair profit.—

How to Give Good Advice.

The best way to give good advice is
to set a good example. When others

Teachers' Institute.

The Medina County Teachers' Insti-
tute opened Monday at the Hondo
High School building, with sixty-two
teachers in attendance, and continued
in session five days.

Rev. Long, pastor of the local Meth-
odist church, conducted the devotional
service at the opening exercises.

Prof. O. W. Peters delivered the ad-
dress of welcome, which was respond-
ed to by Prof. T. C. Hickman of Yan-
cey.

The Institute was then organized by
County Superintendent W. N. Saathoff.
A splendid and instructive program
for the teachers had been arranged by
the County Superintendent.

Each morning the Institute met as
a whole under the guidance and di-
rection of Professor Saathoff. Ques-
tions that pertain to teachers in gen-
eral were discussed. In the afternoon
the Institute was divided in two sec-
tions: Primary and Intermediate and
the High School section. Monday
afternoon Miss Grant had charge of
the Primary and Intermediate section.
The interest that was manifested by
the teachers in this department showed
that all were alive to the questions on
the program.

The Institute was opened Tuesday
morning with devotional exercises, led
by Rev. W. P. Carter, of this Hondo
Baptist church.

Miss Dorothy Harris read an ex-
cellent paper on the subject of "Music
an Essential to a Successful School".

Professor L. H. Kidd, of Devine
High School, made a splendid talk on
the subject of "Silent vs. Oral Read-
ing." Professor Kidd always makes
interesting and instructive addresses
and his talks are of great value to the
Institute.

"Vitalization of Work in the School
Room" was a subject that was ably
discussed by Professor T. C. Hick-
man.

Mr. Jay of the Department of Edu-
cation made a very interesting and
beneficial address on the compulsory
school law and the million dollar ap-
propriation for rural schools. Mr.
Jay proved by conclusive arguments
that the compulsory school attendance
law and the appropriation were benefi-
cial to the county and state.

Miss Frenzel, primary teacher of
Hondo, had charge of the Primary and
Intermediate Tuesday afternoon.

The High School section was led by
Professor Peeler.

Instructive talks were attentively
listened to in each section of the Insti-
tute.

The program Wednesday was opened
by Rev. J. W. Long, who conducted
the devotional exercises.

Miss Gossett elicited considerable
interest in the discussion of music in
the public school. It seems to be the
consensus of opinion of the Institute
that music should have a prominent
place in the program of every school.

Prof. Kidd continued his subject of
"Oral vs. Silent Reading," which was
begun Tuesday.

The program was greatly enlivened
with a well prepared and instructive
paper by Dr. W. H. Smith on "School
Hygiene and Sanitation." Dr. Smith
gave the Institute some valuable in-
formation which, if put into practice,
would bring great improvements to the
various schools of the county.

Professor Williams of D'Hanis dis-
cussed the "Promotion and Retention of
Pupils." This subject was listened to
very attentively by the Institute. It
is a subject in which most teachers
are vitally interested at all times.

The Primary and Intermediate sec-
tion was under the direction of Super-
intendent W. N. Saathoff.

Professor Williams was chairman of
the High School section.

Fletcher Davis Spoke Here Sat-
urday Evening.

Mr. Fletcher Davis of Hondo, repre-
senting the State Department of Ag-
riculture, spent last Saturday in La
Pryor and spoke to a fairly good
crowd in the school auditorium Satur-
day evening. He was introduced by
President Withington of the La Pryor
Development League. Preceding Mr.
Davis' remarks the band gave a few
selections.

Mr. Davis' work with the Depart-
ment is to organize farmers' insti-
tutes, but as there was already such
an organization here he confined his
remarks to the subject of diversifica-
tion. This subject has been talked
from so much, by representatives of
the agricultural departments of the
State and the A. & M. College, and
so much has been written on the
subject of diversification, that one
might think there is nothing new to
be said along this line. Diversifica-
tion is a subject from which too much
cannot be said, especially when it
comes to diversifying with live stock.
Mr. Davis' enumeration of the great
number of farms in Texas that have
not even a cow or hog or chicken,
when Texas spends thousands of dol-
lars annually for products of these
animals, should cause people to sit up
and take notice.

The speaker called attention to the
fact that a great many farmers rush
their produce on the market regardless
of the supply and demand, and when
they fail to receive a lucrative price
for this produce they curse the gov-
ernment for not providing a better
market, when a better solution of the
matter would be to store this produce
in live stock and await a more profit-
able market.

Mr. Davis had a ride over a portion
of the La Pryor country Saturday
forenoon and he was impressed with
and very complimentary in his re-
marks of the reconstructive spirit
that dominated the La Pryor people
following the storm of a week before.
He said such a spirit would build a
community no matter where it hap-
pened to be located.—Zavala County
Sentinel.

Are You Looking Old.

Old age comes quick enough without
inviting it. Some look old at forty.
That is because they neglect the liver
and bowels. Keep your bowels regu-
lar and your liver healthy and you
will not only feel younger but look
younger. When troubled with con-
stipation or biliousness take Chamber-
lain's Tablets. They are intended es-
pecially for these ailments and are ex-
cellent. Easy to take and most agree-
able in effect. Obtainable every-
where.

HUSBAND RESCUED
DESPAIRING WIFE

After Four Years of Discouraging

Conditions, Mrs. Bullock Gave
Up in Despair. Husband
Came to Rescue.

Catron, Ky.—In an interesting letter
from this place, Mrs. Bettie Bullock
writes as follows: "I suffered for four
years, with womanly troubles, and during
this time, I could only sit up for a little
while, and could not walk anywhere at
all. At times, I would have severe pains
in my left side.

The doctor was called in, and his treat-
ment relieved me for a while, but I was
soon confined to my bed again. After
that, nothing seemed to do me any good.

I had gotten so weak I could not stand,
and I gave up in despair.

At last, my husband got me a bottle of
Cardui, the woman's tonic, and I com-
menced taking it. From the very first
dose, I could tell it was helping me. I
can now walk two miles without tire-
ting me, and am doing all my work."

If you are all run down from womanly
troubles, don't give up in despair. Try
Cardui, the woman's tonic. It has helped
more than a million women, in its 50
years of continuous success, and should
surely help you, too. Your druggist has
sold Cardui for years. He knows what
it will do. Ask him. He will recom-
mend it. Begin taking Cardui today.

CALOMEL DYNAMITES YOUR LIVER!
MAKES YOU SICK AND SALIVATES

"Dodson's Liver Tone" Starts Your Liver
Better Than Calomel and You Don't
Lose a Day's Work

Liven up your sluggish liver! Feel
fine and cheerful; make your work a
pleasure; be vigorous and full of ambi-
tion. But take no nasty, dangerous
calomel because it makes you sick and
you may lose a day's work.

Calomel is mercury or quicksilver
which causes necrosis of the bones.
Calomel crashes into your bile like
dynamite, breaking it up. That's when
you feel that awful nausea and cramping.
Listen to me! If you want to enjoy
the nicest, gentlest liver and bowel
cleansing you ever experienced, just take
a spoonful of harmless Dodson's Liver

Tone tonight. Your druggist or dealer
sells you a 50 cent bottle of Dodson's
Liver Tone under my personal money-
back guarantee that each spoonful will
clean your sluggish liver better than a
dose of nasty calomel and that it won't
make you sick.

Dodson's Liver Tone is real liver
medicine. You'll know it next morning
because you will wake up feeling fine,
your liver will be working; headache
and dizziness gone; stomach will be
sweet and bowels regular.

Dodson's Liver Tone is entirely vege-
table, therefore harmless and can not
salivate. Give it to your children.
Millions of people are using Dodson's
Liver Tone instead of dangerous calomel
now. Your druggist will tell you that
the sale of Calomel is almost stopped
entirely here.

and are relieved by taking Chamber-
lain's Tablets as directed. Indigestion
is usually accompanied by constipa-
tion and is aggravated by it. Cham-
berlain's Tablets cause a gentle move-
ment of the bowels, relieving the con-
stipated condition. Chamberlain's
Tablets are also most excellent for bil-
iousness. Sold everywhere at 25c.

Constipation the Father of Many Ills.

Of the numerous ills that affect
humanity a large share start with con-
stipation. Keep your bowels regular
and they may be avoided. When a
laxative is needed take Chamberlain's
Tablets. They not only move the
bowels but improve the appetite and
strengthen the digestion. Obtainable
everywhere.

For Croup--Mothers--
Always Keep this Handy

The day of the Croup scare is over
for those parents who wisely keep
Foley's Honey and Tar Compound in
the home ready for instant use.

W. C. Allen, Bosley, Mo., writes: "I
have raised a family of four children,
and have used Foley's Honey and Tar
Compound with all of them. I find it
the best croup and cough medicine I
have ever used and I have used it for
eight or ten years, and can recommend
it for croup.

If toward nightfall the little ones
grow hoarse or croupy, if their breath-
ing becomes wheezy and stuffy, give
them Foley's Honey and Tar Compound
promptly and it will ward off an attack
of croup.

If you are awakened by the hoarse
brassy cough that means croup, give
Foley's Honey and Tar Compound at
once. It will ease the little sufferers
quickly, cut the thick choking phlegm,
and soon they will have easy breathing
and peaceful quiet sleep.

Don't Think A Modern Windmill Looks Like This

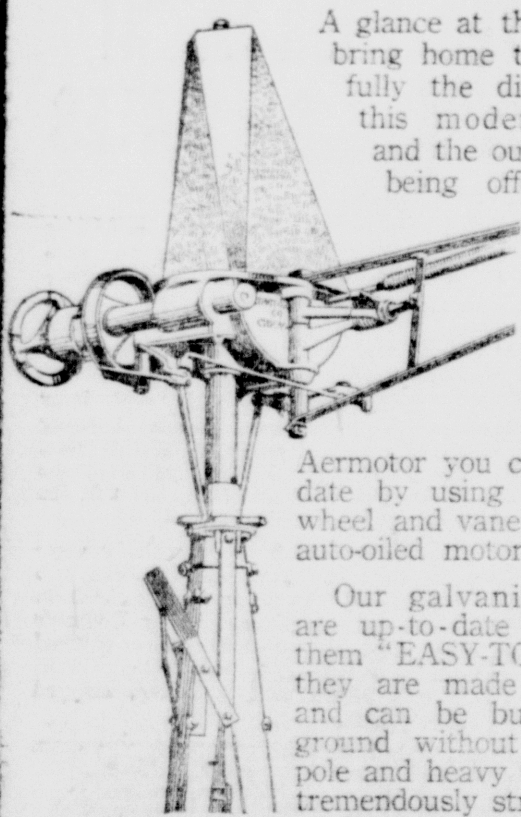

The same kind of ingenious, inventive ability that has perfected the automobile, flying machine and submarine has been at work on the windmill.

You would not think of buying an automobile with the transmission gears uncovered and exposed to dirt and water. Nor would you buy one which required that each bearing be oiled separately. We simply urge you to use the same good judgment in selecting a windmill.

There is ONE, but ONLY ONE, thoroly modern and up-to-date windmill.

You will find in it every feature which you know to be desirable in a windmill. It runs in the lightest wind, it is strong and durable, all working parts are inclosed and flooded with oil from the supply in the gear case. The oil supply needs replenishing only once a year. The brake and furling device are simple and effective.

A glance at this illustration will bring home to you very forcefully the difference between this modern wind motor and the out-of-date windmills being offered for sale. If you have a mill of another make it will pay you to replace it, on your old tower, with an Auto-Oiled Aermotor.

If you have an Aermotor you can bring it up to date by using your old tower, wheel and vane and installing an auto-oiled motor.

Our galvanized steel towers are up-to-date also. We call them "EASY-TO-BUILD-UP," as they are made in 7-foot lengths and can be built up from the ground without the use of gin pole and heavy tackle. They are tremendously strong.

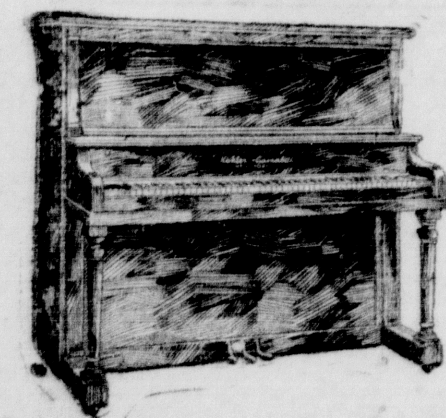

Progressive windmill dealers in every locality are taking up the sale of the Auto-Oiled Aermotor. Ask them about it or write us direct for fuller information. Aermotor Co., 2500 West Twelfth St., Chicago, Ill.

"Dies y Seis."

The Mexican population of Hondo, as well as at various other points in the county, are preparing to celebrate September 16th, Mexico's independence, on quite an elaborate scale.

In view of the history of Mexico for the past four years, and with conditions but little improved to the present time, one certainly must be an optimist to enter with much enthusiasm into the celebration of the natal day of that unhappy country.

But no one denies that people of Mexican origin can never do sufficient honor to the grand old patriotic cura, Miguel Hidalgo y Costillo, the Washington of Mexico. While this valiant old father sacrificed his life in his effort to throw off the tyrannical rule of Spain, the revolution inaugurated by him was the beginning of the end of Spanish domination in Mexico, although absolute independence came to the country many years after the heroic old priest had faced a firing squad.

All honor to Don Miguel Hidalgo y Costillo! What a blessing to the restless people south of the Rio Grande if a prototype of this grand old man could arise and once more bring deliverance to the people from spoliation by a lot of the most unscrupulous political grafters that ever disgraced any country.

Grand Barbecue.

A Grand Barbecue picnic will be given at Burrell Grove for the benefit of the Burrell School, on Sunday Sept. 17, 1916, to which the public is cordially invited. Plenty of barbecued meat and refreshments of all kinds to be had on the grounds. All kinds of amusements such as foot races, fat and lean man's races, etc. Good music and the affair will close with a grand dance at night.

Come help a good cause and have a good time. A good time assured to all.

What Would We Do Without Sugar?

GATHERING SUGAR CANE

We are so used to sugar that we are likely to forget to give it its properly important place. Right now if somebody asked you what sugar was good for you'd probably say—"Oh! to put in coffee and tea and for making candies and desserts." That's it—we all think of sugar as a sweetener and overlook its value as a food.

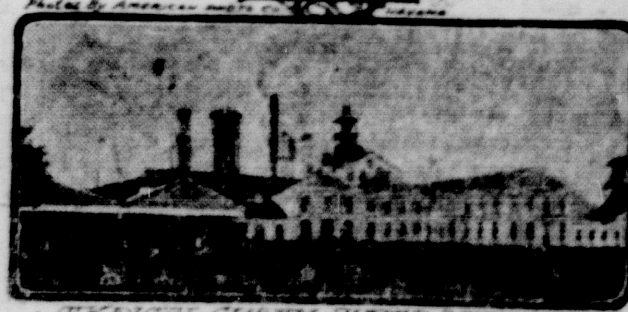

The chemists classify sugar as a hydrocarbon—that name may or may not be interesting to us, but what is interesting is their statement that it has, as a hydrocarbon, equal food value with the starchy foods and by digestion largely adds to the fatty tissues of the body.

Why do we eat sugar anyway? Your first answer might be: "Because it is sweet and tastes good." Of itself the answer would be correct, but the more important fact is that the body craves sugar because it needs it. And when the body craves something it gives us an appetite for it. So primarily that's why we like sugar and things made with sugar and not just because they are sweet.

In view of the fact that sugar has gone up so tremendously of late these facts

are interesting because we find that instead of the luxury sugar having as up it is the FOOD sugar that has its price. Yet—even though the price up we have to have our sweet food is the same.

Certainly the makers of that delicious beverage Coca-Cola must have covered that sugar is up, because one of the principal ingredients in making Coca-Cola syrup is fine cane sugar. Think it!—they use an average of 80 tons of sugar a day—about 4 carloads. But we like many manufacturers that cannot have itself borne the raise and so you I pay just the same today for our bottle or glass of Coca-Cola that we've never paid. Incidentally, this phase of the situation is a good reminder of the benefits one gets from drinking a beverage as pure and good as Coca-Cola. Not only we please our palates and derive wholesome refreshment from a drink but we also save our systems that big sugar sweetness that they crave and which is necessary to health tissues. Is it any wonder then that Coca-Cola is so popular and universally drunk that it has been called "the drink the nation drinks"?
